PROJECT NAME	EDUCATION FOR A NEW GENERATION
Project Code	017.003/ATB/2024
Location	Malang – East Java
Country	Indonesia
Project Start Date	April 1 st , 2024
Project Planned End Date	December 31 st , 2024

A. Introduction

We thank God that ATB has successfully completed the project of 2024 as outlined in the proposal, which began on April 1st 2024 and has lasted for nine months. ATB presents this nine-months report to inform what Agatha has achieved through its ongoing program through the year, including some unexpected achievements of the education.

B. Project Activities

1. School Tuition and Character-Building

a. Agatha English Project

Agatha English Project has continued with the three basecamps (Boro, Ngijo and Singhasari). However, Boro and Singhasari students experienced a decrease at the beginning of the year. On the contrary, Ngijo has grown significantly through this year. For the first time we had Junior High School Students in Ngijo.

In July when a new academic started, Agatha Online Class offered three classes; grade 3-4, grade 5-6 and grade 7-8 (Junior High School). A new basecamp, namely Basecamp Nongkojajar, was launched on 15th August 2024. It is located around Mount Bromo, Pasuruan Regency, about 44 km from the headquarters. There are 37 students of an orphanage who are supported by donors other than KPI. We teach both onsite and online (using Zoom application).

b. Agatha Math Project

Agatha Math Project has run onsite in Ngijo, Boro and Singhasari and online classes for Primary and Junior High School once a week. In the second semester, we discontinued Math onsite in Singhasari because the number of students decreased.

c. Character Building

We have delivered Character Building by holding a “Meet Up with Mr. Frans” to educate the children about the Environment and character of the nation. We also share the happiness of the 4th Agatha’s Anniversary and encourage the children to build their eagerness to achieve their future. In December, we celebrated Christmas in Basecamp Nongkojajar (as all of them are Christian), implementing the theme of “I’m possible”.

2. Income-Generating Activities

a. Garasi Agatha

In the first semester, Garasi Agatha sold essential learning supplies for students and merchandise products at the basecamps, such as stationery, stickers, keychains, notebooks, tote bags, and Agatha T-shirts. As the income was below expectation, CV Lentera Agatha Persada has taken over Garasi Agatha. In return, it has given monthly donations.

b. Crochet Project

Agatha has collaborated with Jo-Val Crochet for an income generating. Agatha has received income by selling Crochet products; and also donations from women who joined Jo-Val Crochet Training. All funds raised support Agatha educational programs.

c. Collecting and Selling Plastic Bottles

Some students in Boro and Ngijo participated in the “Throw for a Cost” program. It was a character-building project that educated children to have awareness of their environment by collecting Plastic Bottles. We sold the bottles and gave the money back to the children. However, this program was discontinued in the second semester due to a lack of volunteers and

resources needed to manage it. In addition, the company to whom we sold the bottles stopped operating and accepting the bottles.

C. Students

When ATB applied for funding, there were 90 students enrolled. Over time, some students discontinued their participation; however, we have successfully drawn in new students. Since the opening of the Nongkojajar Basecamp on August 15th, there has been an increase in the number of students, reaching 127 students.

	Expected students	Reached
Total English Both Onsite and Online	60	115
Total Math Both Onsite and Online	30	43
TOTAL	90	158

As shown in the table, this growth is due to the high demand especially for English as well as the opening of the new basecamp in Nongkojajar. Some children are enrolled in both the English and Math Projects (31 students).

D. Tutors

Agatha opened recruitments for English and Math volunteers at the beginning of the first and second semester, to assist 5 (five) main tutors. As of December, the number of volunteers has varied, as some come and go for several reasons, such as the end of terms, personal commitments, or being recruited as tutors. There are three volunteers for teaching English and one volunteer for teaching Math who wished to continue after their volunteering terms ended and have been recruited as tutors.

E. Financial Report

1. Recurrent Activities

1.1. Income April – December 2024 (nine months, in IDR)

No	Amount	Total Expected 9 months	Realization 9 months
1	Student Fees 90 students X Rp 25.000 X 9 months	20.250.000	22.500.000
2	Donations Rp1.000.000 x 9 months	9.000.000	9.000.000

TOTAL		81.000.000	82.527.060

Through the year of 2024, some students discontinued joining the Courses. Agatha got donations from other donors for buying equipment such as a new laptop, a new printer, and doing some maintenance. As the 37 students in Nongkojajar are orphans, they do not have parents who can pay the student fees. Due to rate exchange from Euro to Rupiah Agatha got Rp.3.027.060,- more than expected.

1.2. Expenditures April – December 2024 (nine months)

1.3. Summary Realization Recurrent Activities April – December 2024

	Income Realised	Expenditures Realised
Agatha	34.500.000	75.750.000
KPI Support	48.027.060	-
Total	82.527.060	75.750.000
Balance		6.777.060

F. Conclusion

We are so grateful for the continuing of KPI support this year. As Agatha is still new (4 years old), It was very challenging to run Agatha's vision and mission without the support in the beginning of this year. As it is shown, Agatha has a balance Rp.**6.777.060,-**. We wonder if the board of KPI doesn't mind, Agatha has the plan to use the money to equip the basecamps such as buying new chairs, cupboards, and whiteboards (as we are going to open a new basecamp next year). Last but not least, May our collaboration will last long, for the future of the children, and the future of the Nation, Indonesia.
